

Standard Rebate Application

Energy efficiency products installed in large public sector buildings located within the SoCalGas service territory may be eligible for utility rebates to help make them more cost-effective. New energy-efficient products could help reduce natural gas usage as well.

The Large Public Sector (LPS) Program provides property managers and building engineers support throughout the rebate application process. The LPS outreach and technical experts can offer information related to eligible equipment and installations, as well as support in completing your rebate application.

How to apply

1. Submit a pre-application of product installation. The LPS team is available to provide support and guidance to ensure requirements for equipment are met.
2. Purchase energy-efficient equipment that meets Program specifications.
3. Install energy-efficient equipment with the contractor of your choice.
4. Submit final application along with invoicing of the product installation.

Eligibility requirements

- Public sector buildings include local and federal government and K-12 educational buildings. State buildings are not eligible.
- Customers must have an active SoCalGas account and use equal to or greater than 50,000 therms annually.

Available rebates

- Commercial Hot Water Boiler
- Space Heating Boilers
- Water Heaters
- Pool Heaters and Cover
- Process Heating Boilers
- Insulation
- Energy Recovery Equipment
- HVAC Control
- Specialty Equipment
- Laundry Equipment
- Commercial Kitchen Equipment
- Steam Traps
- Laminar Flow Restrictor (LFR)

Required documentation

A copy of your recent SoCalGas bill. Address and account number must match the name, address and account information on the application.

A copy of the manufacturer specification sheet and project documentation.

A copy of the invoice or receipt showing the equipment has been paid in full. Receipt/invoices to include:

- Purchase date
- Vendor name
- Equipment make and model number, if applicable, serial number

A copy of the rebate application filled out completely.

For more information

Call a LPS representative at 1-833-539-4400 or visit energyinfrapartners.com/lpsprogram

Applications can also be emailed to publicsectorinfo@energyinfrapartners.com

Energy Infrastructure Partners ("EIP") is a SoCalGas authorized contractor responsible for implementing this program through December 31, 2026.

The Large Public Sector Program is funded by California utility customers and administered by Southern California Gas Company (SoCalGas) under the auspices of the California Public Utilities Commission, through a contract awarded to EIP. Program funds, including any funds utilized for rebates or incentives, will be allocated on a first-come, first-served basis until such funds are no longer available. This program may be modified or terminated without prior notice. Customers who choose to participate in this program are not obligated to purchase any additional goods or services offered by EIP or any other third party. The selection, purchase, and ownership of goods and/or services are the sole responsibility of customer. **SoCalGas makes no warranty, whether express or implied, including the warranty of merchantability or fitness for a particular purpose, of goods or services selected by customer. SoCalGas does not endorse, qualify, or guarantee the work of EIP or any other third party.** Eligibility requirements apply; see the program conditions for details.

Payment release authorization (signature required)

PROPERTY OWNER OR PROPERTY MANAGER, AS AUTHORIZED AGENT FOR PROPERTY OWNER: Your authorization is required if the rebate check is to be made payable to another individual or entity. Please sign below. I am authorizing this payment of my rebate to the third party ("Payee" named above and I understand that I will not be receiving a rebate check from SoCalGas. I also understand that my release of the payment to the payee does not exempt me from the rebate requirements outlined in this application. If Payee is a business, Federal Tax ID or Social Security Number must be provided. SoCalGas will report this payment made to the third party on IRS form 1099 as "Other Income" to you (the customer receiving the benefit of the rebate payment unless the payment is less than \$600, or you have identified yourself as a corporation or exempt. You are urged to consult your tax advisor concerning the tax requirements of rebates. SoCalGas is not responsible for any taxes that may be imposed on you as a result of this rebate.

Terms and conditions

1. I understand, acknowledge, and agree to the following Terms and Conditions, which form a part of the application form for my participation in the Large Public Sector program.
2. I understand the Program is available to all eligible Southern California Gas Company ("SoCalGas") commercial customers that hold an active service account with an active SoCalGas meter and service address located within SoCalGas Territory and use equal or greater than 50,000 therms annually.
3. I understand the Program, including the application requirements, as well as individual energy efficiency products, measures, or equipment ("Equipment") offered as part of this Program, may be modified, or terminated at any time without prior notice. Any information, results, and reports regarding your participation in the program may be made available to the California Public Utilities Commission ("CPUC").
4. I understand the Program including these Terms and Conditions may be revised at any time without notice. In such an instance, unless otherwise prohibited under applicable law (including any CPUC order or directive), signed applications will be processed to completion under the Terms and Conditions in effect of the date of such signed application.
5. I understand the Program may end sooner than **December 31, 2026** if allocated funds are depleted. Equipment purchases and installations made prior to or after this specified term do not qualify for a rebate(s), incentive(s), and/or service(s). Program funds are limited. All applications are processed on a first-come, first-served basis, upon receipt, until funds are no longer available. I understand rebate(s), incentive(s), and/or service(s) are determined by the date the application is received. **INCOMPLETE and INCORRECT APPLICATIONS CANNOT BE PROCESSED.** Resubmitted applications are processed on a first-come, first-served basis upon the new receipt date. In the event rebate(s) and/or incentive(s) amounts change during the Program period, the order/purchase data and/or application postmark date will be used to determine Equipment eligibility and rebate or incentive amount. Rebate(s) and incentive(s) offerings and amounts may change without notice during the Program term. **Deemed Projects:** I understand to receive a rebate(s), applications must be submitted, approved, and installed within (12) twelve months of the purchase date. Exceptions must be in writing and can only be granted at SoCalGas's sole discretion. **Custom Projects:** I understand to receive an incentive(s): (1) a completed Application must be submitted and approved before ordering Equipment; and (2) an executed Conditional Incentive Reservation (CIR) form prior to Equipment installation (the Equipment cannot be connected to a natural gas line until the CIR form is executed).
6. I have not received a rebate(s), incentive(s), and/or service(s) for the same Equipment from any other California Investor-Owned Utility (IOU), states or local third-party energy efficiency program funded by the Public Purpose Program Surcharge (PPPS). I cannot receive a rebate(s), incentive(s) and/or service(s) for the same Equipment from more than one California IOU participating in this Program or any other third-party programs offering rebates, financing, and/or other incentives funded by the CPUC. I understand that I cannot receive a rebate(s), incentive(s) and/or service(s) for any Equipment for which I have received a rebate(s), incentive(s) and/or service(s) from SoCalGas within five (5) years prior to the application date. Equipment receiving a SoCalGas rebate(s) or incentive(s) at the point-of-sale, as an instant markdown, through a Regional Energy Network or Home Upgrade Program, or through a manufacturer/distributor, do not qualify for a mail-in or online rebate(s), incentive(s), and/or service(s).
7. I understand rebate(s), and/or incentive(s) amount cannot exceed the actual purchase price of the Equipment (or the maximum allowance per unit), which includes materials cost plus installation labor, but does not include taxes or shipping costs. Energy Infrastructure Partners ("Contractor") and SoCalGas reserve the right to limit the number of Equipment receiving rebates or incentives. Custom-ers who self-install may not charge installation labor. I agree to remove and dispose of the Equipment being replaced by the Equipment in accordance with all federal, state, and local laws.
8. I certify the installed qualifying Equipment in accordance with all applicable federal, state, county, city and local laws, rules, and regulations, including building codes, homeowner's association (if applicable), manufacturer's specifications, and permitting requirements, and understand the energy-efficiency level of the qualifying Equipment (as defined in the specification sheet) determines the rebate(s) and/or incentive(s) amount. If a contractor performed the installation or improvement, the contractor holds the appropriate license for the work performed.
9. I understand rebate(s) and/or incentive(s) payments are based on related energy benefits over the life of the Equipment. I agree to maintain the Equipment specified in this application: (1) 100% functional for the life of the Equipment or a period of (5) five years from receipt of the rebate(s) and/or incentive(s) funds, whichever is less; and (2) continue to be a customer of SoCalGas during said time period. If any of the above ceases to be the case, I shall refund a prorated amount of the rebate(s) and/or incentive(s) dollars to SoCalGas based on the actual period of time for which I provided the related energy benefits as a customer of SoCalGas. I certify that all Equipment was purchased new, and I understand that resale Equipment and Equipment leased, rebuilt, refurbished, purchased at auction, rented, received from insurance or warranty claims, or won as a prize, received as a gift, purchased with reward points; or, new parts installed in existing products, do not qualify. I understand that rebate(s) and/or incentive(s) will only be paid for Equipment that meets the specifications of the Program.
10. I certify that the information on this application is true and correct, and that the IRS Tax ID provided is accurate. I understand that the rebate(s) and/or incentive(s) could be taxable, and that I am urged to consult my tax advisor concerning the taxability of any rebate(s) and/or incentive(s) paid through this Program. The rebate(s) and/or incentive(s) that are greater than \$600 will be reported to the IRS on Form 1099 unless I have identified myself as a corporation or have tax exempt status and have noted as such in this application. Neither SoCalGas nor Contractor are responsible for any taxes that may be imposed on me or my business as a result of the receipt of rebate(s) and/or incentive(s).
11. I understand that Contractor is a SoCalGas authorized contractor responsible for implementing the Program through **January 1, 2026, through December 31, 2026**. I understand that the installation of the Equipment may require Contractor to enter my facility. I agree to permit Contractor and its authorized subcontractors to: (1) Review completed and signed application; (2) Install qualify Equipment; and (3) Verify installation of Equipment at my facility, as applicable.
12. I understand neither SoCalGas nor Contractor shall have: (1) Any obligation to maintain, remove, or perform any work whatsoever on the installed Equipment; or (2) Any liability arising from a contractor's installation of the applicable Equipment or its failure to perform, for failure of the Equipment to function, for any damage to my premises caused by the contractor, or for any damages to property or injuries to persons caused by the Equipment.

13. I understand all Projects are subject to evaluation studies of Equipment by and/or Program measurement by external contractors appointed by the CPUC. These studies are used to analyze and improve Program performance. I agree to participate by responding to inquiries from these contractors in a timely manner.
14. I will allow, if requested, a representative from SoCalGas, EIP, the CPUC, and/or any authorized third-party reasonable access to the property where the Equipment is located to verify the installed Equipment before the rebate(s) and/or incentive(s) are paid. I understand that neither a rebate(s) nor incentive(s) will be paid if I refuse to participate in any required verification. I understand that SoCalGas, Contractor, CPUC and/or any authorized third party may contact the qualifying Equipment vendor and/or installer to verify purchase and/or installation of the Equipment and may provide my name and/or address to complete this verification. I understand this inspection is for the purpose of determining that the installed Equipment meets all Program requirements. I understand that rebate(s) and/or incentive(s) applications that are submitted to SoCalGas may be randomly selected for inspection to ensure Program and quality control compliance, and that a virtual video or in-person inspection may be requested and Geo-Tagged photos to verify the installation of the Equipment prior to the rebate(s) and/or incentive(s) payment.
15. I acknowledge that I have been notified of SoCalGas's California Consumer Privacy Act (CCPA) Policy. Personal information may be solicited; visit socalgas.com/CCPA to review SoCalGas's CCPA Notice at Collection.
16. Customer Affidavit Statement per Resolution E-5115: I represent that I hereby certify that I am authorized to make this declaration as the Customer or as an authorized representative of the Customer. I certify that the existing equipment being replaced is in operating condition to the best of my knowledge. I acknowledge that misrepresentation will result in a rejection of all, or part of the project and that the Customer may be required to return the incentives associated with this project. I further acknowledge that misrepresentation will result in future projects submitted by the Customer being subjected to additional scrutiny and may result in Customer probation or suspension from current and future incentive programs.
17. HVAC WORKFORCE STANDARD QUALIFICATION REQUIREMENTS. Pursuant to CPUC Decision (D.)18-10-008, starting July 01, 2019, I represent that if my project involves the installation, modification or maintenance of non-residential heating, ventilation, and air conditioning (HVAC) measures and I am applying for an incentive of \$3,000 or more, that such project has been (or, will be, upon completion) installed by technicians each of whom has one of the following criteria; (1) Completed a California or federal accredited HVAC apprenticeship; (2) Is currently enrolled in a California or federal accredited HVAC apprenticeship; (3) Completed at least five (5) years of work experience at the journey level as defined by the California Department of Industrial Relations definition (Title 8, Section 205, of the California Code of Regulations), passed a practical and written HVAC system installation competency test, AND received credentialed training specific to the installation of technology being installed; or (4) Holds a C-20 HVAC contractor license from California State Contractor's Licensing Board. Prior to any of such measures being installed, modified, or maintained, each technician rendering such work has provided (or will provide) their applicable qualification documentation for HVAC Measure Installation Qualification, which must be included in the application form.
18. I agree that the selection of Equipment, selection of contractor, manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership and maintenance of (including work performed and services rendered with respect to) the Equipment referenced in this application package are my sole responsibility, that SoCalGas makes no representation, qualification, endorsement or guarantee about any of the foregoing, and that the contractor, manufacturer, dealer, supplier or installer of such Equipment and measures is not an agent or representative of SoCalGas or Contractor. SoCalGas makes no warranty, whether express or implied, including the implied warranty of merchantability or fitness for a particular purpose, use or application of the Equipment or energy efficiency measures related thereto, and SoCalGas expressly disclaims such warranty. I acknowledge that I am not obligated to purchase any additional goods or services offered by any such contractor due to my choice to participate in this Program. I understand that my reliance on warranties is limited to any warranties that may arise from or be provided by contractors or vendors providing goods or performing services in connection with Equipment. Neither SoCalGas nor Contractor are responsible for assuring the design, engineering, or construction of the facility or installation of the Equipment are proper or comply with any particular laws (including patent laws), codes, or industry standards. Neither SoCalGas nor Contractor make any representations of any kind regarding the results to be achieved by the Equipment or the adequacy, safety, reliability, and/or efficiency of such Equipment.
19. I agree that SoCalGas has no liability whatsoever concerning: (1) The quality, safety, performance or other aspect of any design, system, energy efficiency Equipment installed pursuant to the Program and/or installation of the Equipment, including their fitness for any purpose; (2) The estimated energy savings of the Equipment; (3) The workmanship of any third parties; (4) The installation of use of the Equipment including, but not limited to, effects on indoor pollutants; and (5) Any other matter with respect to the Program.
20. I waive any and all claims against SoCalGas, its parent company, affiliate companies, directors, officers, employees, or agents (collectively, "SoCalGas Parties"), arising out of activities conducted by or on behalf of SoCalGas in connection with my application for any rebate(s), incentive(s), and/or service(s) under the Program. Without limiting any of the foregoing, to the maximum extent permitted under applicable law, none of the SoCalGas Parties, Contractor nor any of their respective affiliates shall be liable to me or any other parties for any types of damages, whether direct or indirect, special, consequential, exemplary, reliance, punitive or incidental damages, including damages for loss of use, regardless of the theory of recovery, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind, caused by, in connection with, or arising from any activities associated with this Program. To the maximum extent permitted under applicable law, I agree to indemnify the SoCalGas parties against all loss, damage, expense, fees, costs, and liability arising from any claims related to the use of any equipment installed or services performed during the installation or maintenance of such equipment referred to in my application for any rebate(s) or incentive(s) under the program.

Rebates and specifications

A. Commercial hot water boiler

Specifications:

- The installed boiler capacity must be used equal or more than 80kBtuh or more for space heating. All other applications should apply as a Custom Rebate.
- Rebates are based on installed new boiler capacity. Redundant or back-up boilers do not qualify.
- Boilers must modulate their firing rate, have a sealed combustion unit, and must incorporate hot water reset.

Note: High-efficiency condensing boilers will provide the rated efficiency return only if return water is cold enough to condense the flue gases.

Combustion Efficiency (CE), Energy Factor (EF), Uniform Energy Factor (UEF), or Thermal Efficiency (TE)

Equipment	Requirements	Boiler Size	Incentive Rate	Total Incentive
Commercial Hot Water Boiler – Tier I <i>Small/Medium</i>	< 200k Btuh and $\geq$ 0.87 UEF		\$5.00 / kBtuh	
Commercial Hot Water Boiler – Tier II <i>Small/Medium</i>	< 200 kBtuh and $\geq$ 0.92 UEF		\$5.50 / kBtuh	
Commercial Hot Water Boiler – Tier III <i>Small/Medium</i>	< 200 kBtuh and $\geq$ 0.96 UEF		\$6.00 / kBtuh	
Commercial Hot Water Boiler – Tier I <i>Large</i>	$\geq$ 300 kBtuh, and $\geq$ 0.90 TE or $\geq$ 0.96 CE		\$5.00 / kBtuh	
Commercial Hot Water Boiler – Tier II <i>Large</i>	$\geq$ 300 kBtuh, $\geq$ 0.92 TE or $\geq$ 0.98 CE		\$9.00 / kBtuh	

B. Space heating boilers

Specifications:

- Equipment must be used for space heating to provide human comfort (as defined by [CEC Title 20](#) and [24 Standards](#)).
- Ambient/Natural draft type boilers do not qualify.

Note: Space-heating boilers must be installed by California licensed contractors in order to qualify for a rebate. Contractors performing the installation must complete the below space heating authorization form.

Equipment	Requirements	Boiler Size	Incentive Rate	Total Incentive
Space Heating Boiler - Tier 1 <i>Medium Hot Water</i>	300 - 2500 kBtuh, ≥ 85 TE		\$0.50 / kBtuh	
Space Heating Boiler - Tier 2 <i>Medium Hot Water</i>	300 - 2500 kBtuh, $\geq 94\%$ TE		\$3.00 / kBtuh	
Space Heating Boiler - Tier 1 <i>Large Hot Water</i>	2500 - 10000 kBtuh, ≥ 85.3 TE or ≥ 87.3 CE		\$0.50 / kBtuh	
Space Heating Boiler - Tier 2 <i>Large Hot Water</i>	2500 - 10000 kBtuh, ≥ 93 TE or $\geq 95\%$ CE		\$3.00 / kBtuh	
Space Heating Boiler <i>Medium Steam</i>	300 - 2500 kBtuh, ≥ 82 TE		\$0.50 / kBtuh	
Space Heating Boiler - Tier 1 <i>Large Steam</i>	2500 - 10000 kBtuh, $\geq 83\%$ TE		\$0.50 / kBtuh	
Space Heating Boiler - Tier 2 <i>Large Steam</i>	2500 - 10000 kBtuh, $\geq 84\%$ TE		\$0.50 / kBtuh	

C. Water heaters

Specifications:

- Rebates apply to domestic natural gas hot water systems only. All other applications should apply as a Custom Rebate.
- Rebates are based on installed new water heater capacity. Redundant or back-up units do not qualify.

Equipment	Requirements	Heater Size	Incentive Rate	Total Incentive
Storage Water Heater Small - 30 Gallon (Medium Draw)	$\leq 75 \text{ kBtuh}, \geq 0.64 \text{ UEF}$		\$2.00 / kBtuh	
Storage Water Heater Small - 40 Gallon (Medium Draw)	$\leq 75 \text{ kBtuh}, \geq 0.64 \text{ UEF}$		\$3.00 / kBtuh	
Storage Water Heater Small - 50 Gallon (Medium Draw)	$\leq 75 \text{ kBtuh}, \geq 0.64 \text{ UEF}$		\$2.00 / kBtuh	
Storage Water Heater Small - 30 Gallon (High Draw)	$\leq 75 \text{ kBtuh}, \geq 0.68 \text{ UEF}$		\$3.00 / kBtuh	
Storage Water Heater Small - 40 Gallon (High Draw)	$\leq 75 \text{ kBtuh}, \geq 0.68 \text{ UEF}$		\$6.00 / kBtuh	
Storage Water Heater Small - 50 Gallon (High Draw)	$\leq 75 \text{ kBtuh}, \geq 0.68 \text{ UEF}$		\$5.00 / kBtuh	
Storage Water Heater Large - Tier 1	$> 75 \text{ kBtuh}, \geq 0.90 \text{ TE}$		\$8.00 / kBtuh	
Storage Water Heater Large - Tier 2 	$> 75 \text{ kBtuh}, \geq 0.96 \text{ TE}$		\$8.00 / kBtuh	
Active Solar Hot Water Heater			\$30.00 / Square Ft	
Tankless Water Heater Small - Tier 1	$< 200 \text{ kBtuh}, \geq 0.81 \text{ UEF}$		\$0.45 / kBtuh	
Tankless Water Heater Small - Tier 2	$< 200 \text{ kBtuh}, \geq 0.87 \text{ UEF}$		\$5.00 / kBtuh	
Tankless Water Heater Small - Tier 3	$< 200 \text{ kBtuh}, \geq 0.92 \text{ UEF}$		\$6.00 / kBtuh	
Tankless Water Heater Small - Tier 4 	$< 200 \text{ kBtuh}, \geq 0.96 \text{ UEF}$		\$7.00 / kBtuh	
Tankless Water Heater Medium - Tier 1	$< 200 \text{ kBtuh}, \geq 0.84 \text{ UEF}$		\$1.00 / kBtuh	
Tankless Water Heater Medium - Tier 2	$76 \text{ to } 200 \text{ kBtuh}, \geq 0.90 \text{ TE}$		\$7.00 / kBtuh	
Tankless Water Heater Medium - Tier 3 	$< 200 \text{ kBtuh}, \geq 0.96 \text{ TE}$		\$6.00 / kBtuh	

Equipment	Requirements	Heater Size	Incentive Rate	Total Incentive
Tankless Water Heater Large - Tier 1	≥ 200 kBtuh, ≥ 0.84 TE		\$3.00 / kBtuh	
Tankless Water Heater Large - Tier 1	≥ 200 kBtuh, ≥ 0.90 TE		\$12.00 / kBtuh	
Tankless Water Heater Large - Tier 1 	≥ 200 kBtuh, ≥ 0.96 TE		\$15.00 / kBtuh	

D. Pool heaters and cover

Specifications:

- Pool heaters must have an 'On/Off' switch and no pilot light.

Equipment	Requirements	Size	Incentive Rate	Total Incentive
Pool Heater	Tier 1 ($\geq 84\%$ TE)		\$2.00 / kBtuh	
Pool Heater	Tier 2 ($\geq 94\%$ TE)		\$3.00 / kBtuh	
Pool Cover	R-Value ≥ 0.5 Ft ² -hr-F/Btu		\$1.50 / ft	

E. Process heating boiler

Specifications:

- A flue gas analysis (FGA) measured under full-load.
- Rebate amount for Process Heating Boilers cannot exceed \$40,000.
- FGA should be performed after new boiler installation, in instances where there is no prior record.
- Conditions is required to document combustion efficiency under full-load conditions after the installation is complete.
- SoCalGas offers FGAs at no cost.

Equipment	Requirements	Boiler Size	Incentive Rate	Total Incentive
Steam	$\geq 83\%$ CE/ or $\geq 81\%$ TE		\$2.00 / MBtuh	
Hot Water - Tier I	$\geq 85\%$ CE		\$1.00 / MBtuh	
Hot Water - Tier II	$\geq 90\%$ CE		\$2.00 / MBtuh	

F. Insulation

Specifications:

- Insulation must be added to bare tank or pipe/fitting that has been uninsulated for a minimum of 12 months. Replacement of existing insulation does not qualify.
- Insulation installed must be at least 1" with a R-value greater than or equal to R-3 (R-2.9 is acceptable for domestic hot water).
- Insulation rebates are for space heating applications with a minimum of 4,000 hours of operation annually. Insulation projects for other purposes or with less hours of operation should apply for a Custom Rebate.
- Rebates not available for hot water, condensate return fittings and or steam fittings with a diameter greater than 1".

Equipment	Requirements	Size	Incentive Rate	Total Incentive
Low Temperature (120-170 F) Indoor/ Outdoor Water Tank Insulation	Insulation: 1"		\$2.00 / square FT	
High Temperature (170-200 F) Indoor/ Outdoor Water Tank Insulation	Insulation: 1"		\$2.00 / square FT	
Low Temperature (120-170 F) Indoor/ Outdoor Water Tank Insulation	Insulation: 2"		\$3.00 / square FT	
High Temperature (170-200 F) Indoor/ Outdoor Water Tank Insulation	Insulation: 2"		\$3.00 / square FT	
Temperature (105-200 F) Indoor/ Outdoor Pipe Insulation	Insulation 1.5" or 2" 1" < pipe < 1.5"		\$4.00 / linear FT	
			\$9.50 / linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Pipe Insulation	Insulation 2.5" or 4.5" 1" < pipe < 1.5"		\$5.00 / linear FT	
			\$10.00 / linear FT (Direct install)	
Temperature (105-200 F) Indoor/ Outdoor Pipe Insulation	Insulation 1.5" or 2" 1.5" < pipe < 8"		\$5.00 / linear FT	
			\$14.00 / linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Pipe Insulation	Insulation 2.5", 3", 4" or 4.5", 1.5" < pipe < 8"		\$6.00 / linear FT	
			\$15.00 / linear FT (Direct install)	
Temperature (105-200 F) Indoor/ Outdoor Fitting Insulation	Insulation 1.5" or 2" 1" < pipe < 1.5"		\$8.00 / linear FT	
			\$10.50 / linear FT (Direct install)	
Temperature (105-200 F) Indoor/ Outdoor Fitting Insulation	Insulation 1.5" 1.5" < pipe < 4"		\$11.00 / linear FT	
			\$13.50 / linear FT (Direct install)	
Temperature (105-200 F) Indoor/ Outdoor Fitting Insulation	Insulation 1.5" or 2" 4" < pipe < 8"		\$14.00 / linear FT	
			\$16.50 / linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Fitting Insulation	Insulation 2.5" or 4.5" 1" < pipe < 1.5"		\$12.00 / linear FT	
			\$15.50 / linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Fitting Insulation	Insulation 2.5" or 4" 1.5" < pipe < 4"		\$20.00 / linear FT	
			\$25.00 / linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Fitting Insulation	Insulation 3" or 4.5" 4" < pipe < 8"		\$32.00 / linear FT	
			\$35.00 / linear FT (Direct install)	

G. Energy recovery equipment

Specifications:

- Rebates are for existing HVAC systems with natural gas heating only. Other applications can apply for a Custom Rebate.
- During the heating season, unit must operate a minimum of 2,000 hours and must be heated with natural gas equipment. Minimum exhaust temperature must average 65°F. Exhaust temperatures above 85°F should apply for a Custom Rebate.

Equipment	Requirements	Airflow	Incentive Rate	Total Incentive
Heat and Energy Recovery Ventilators	Air flow: > 1500 CFM		\$0.75 / CFM	
Air to Water Heat Exchanger	Air flow: > 1500 CFM Air Temp: > 200 F		\$0.75 / CFM	

H. Heating, ventilation, and air conditioning (HVAC) control

Specifications:

- Rebates are for existing HVAC systems with natural gas heating only. Other applications can apply for a Custom Rebate. During the heating season, system must operate a minimum of 2,000 hours.
- Existing HVAC specification details is required.

Enhanced ventilation for packaged HVAC

- Installation of new VFD controls on a permanent magnet motor (PMM).
- Existing system must have single zone control on packaged HVAC unit with natural gas heat.

Supply fan control

- Existing system must have single zone, thermostat control on packaged HVAC unit with natural gas heat.
- Existing fan control must change from continuous operation to intermittent during unoccupied periods.

Equipment	Requirements	Size	Incentive Rate	Total Incentive
Enhanced Ventilation for Packaged HVAC <i>[AC unit with Natural Gas Heat Add VFD PMM and ADEC]</i>	Fan Efficiency: ≥ 40%		\$50.00 / Cap-Ton	
Supply Fan Controls Commercial <i>[Unoccupied Fan Control Variable Volume AC Unit with Natural Gas Heat]</i>	Fan Efficiency: ≥ 40%		\$3.71 / tons	
			\$3.71 / tons (Direct Install)	

I. Specialty equipment

Specifications:

- Rebates are based on installed new equipment capacity. Redundant or back-up equipment do not qualify.

Equipment	Requirements	Size	Incentive Rate	Total Incentive
Natural Gas Heat Pump Water Heaters	≥ 5 Ton < 10 Ton		\$100.00 / Ton	
Gas Chillers	Absorption retrofit > 300 Ton with heat recovery		\$20.00 / Ton	
Dehumidification System	Indoor Pool		\$7.00 / Pint	

J. Laundry

Specifications:

- Facility must have a natural gas boiler or natural gas water heater providing hot water to the on-premise energy efficient clothes washers utilizing hot water in the wash cycles.
- The ozone laundry equipment must be new and must be added to an existing laundry system. The ozone laundry system must inject ozone through Venturi injection or bubble diffusion. Replacement or upgrades of existing ozone laundry are not eligible for a rebate.

Equipment	Requirements	Size	Incentive Rate	Total Incentive
Ozone Laundry	Ozone Laundry Commercial		\$13.50 / lbs. capacity	
			\$13.50 / lbs. capacity (Direct install)	

K. Steam traps

Specifications:

- Steam trap replacements for industrial customers (NAICS codes 31-33) do not qualify for a rebate under this program, but they may qualify under SoCalGas' Energy-Efficiency Calculated Incentive Program (EECIP).
- Small commercial facilities operating their steam boiler ≤ 12 hrs are not eligible for commercial steam trap rebates.
- Must replace, on a one-for-one basis, existing steam traps that fail to open or close.
- Customer may be asked to verify the location of the replaced steam trap(s) in the steam loop.

Equipment	Requirements	Unit	Incentive Rate	Total Incentive
Steam Trap	>12 Hours of Average Daily Use		\$100.00 / Unit	
Steam Trap	>12 Hours of Average Daily Use		\$400.00 / Unit (Direct install)	

L. Laminar flow restrictor (LFR)

Specifications:

- This rebate is restricted to the health care industry and facilities that are subject to OSHPD code and regulation
- Facility must utilize natural gas-powered water heating equipment and include MBtuh rating.
- LFRs installed must meet OSHPD code and regulation.
- Rebates do not apply to new construction.
- LFR models must be labeled as vandal proof for faucets, with the exception of dialysis and scrub sink locations that require an additional adaptor.

Equipment	Requirements	Unit	Incentive Rate	Total Incentive
Laminar Flow Restrictor (LFR) - Kitchen	Gallons Per Minute $\leq$ (GPM) 1.8		\$6.50 / Unit	
			\$43.00 / Unit (Direct Install)	
Laminar Flow Restrictor (LFR) - Public Restroom	Gallons Per Minute $\leq$ (GPM) 1.2		\$6.50 / Unit	
			\$43.00 / Unit (Direct Install)	

M. Commercial kitchen equipment

Specifications:

- All eligible cooking equipment are based on the American Society for Testing and Materials ([ASTM](#)) standards.
- All natural gas equipment listed on the [California Energy Wise](#) website is qualified for the EERB program.

Equipment	Requirements	Quantity	Incentive Rate	Total Incentive
Combination Oven (< 15 pans)	Steam Mode Eff ≥ 41%, Convection Mode ≥ 57%		\$700.00 / oven	
Combination Oven (15 to 28 pans)	Steam Mode Eff ≥ 41%, Convection Mode ≥ 57%		\$1,000.00 / oven	
Combination Oven (> 28 pans)	Steam Mode Eff ≥ 41%, Convection Mode ≥ 57%		\$1,200.00 / oven	
Convection Oven	Efficiency ≥ 49%		\$750.00 / oven	
Conveyor Oven	Efficiency ≥ 42%		\$1,200.00 / oven deck	
Rack Oven	Efficiency ≥ 50%		\$2,000.00 / oven	
Commercial Fryer Tier 1	Efficiency ≥ 50%		\$750.00 / vat	
Commercial Fryer Tier 2	Efficiency ≥ 60%		\$1,200.00 / vat	
Commercial Griddle	Heavy load cooking energy efficiency ≥ 38%		\$250.00 / linear feet	
Commercial Rack Oven	Single, Efficiency ≥ 50%		\$2,000.00 / oven	
Commercial Rack Oven	Double, Efficiency ≥ 50%		\$2,000.00 / oven	
Commercial Underfired Broiler	Underfired Broiler [Qualified Product List]		\$600.00 / linear feet	
Pressureless Steamer	Efficiency ≥ 38%		\$2,000.00 / steamer	
Commercial Conveyor Broiler	2 Lane Width (<20")		\$1,500.00 / unit	
Commercial Conveyor Broiler	3 Lane Width (20-26")		\$1,500.00 / unit	
Commercial Conveyor Broiler	4 Lane Width (>26")		\$1,500.00 / unit	
Rotisserie Oven	Small, ≤ 2200 Btuh/Bird		\$1,000.00 / oven	
Rotisserie Oven	Medium, ≤ 2200 Btuh/Bird		\$2,000 / oven	
Rotisserie Oven	Large, ≤ 2200 Btuh/Bird		\$3,000.00 / oven	

TOTAL REBATE

\$

N. Equipment details

Please provide all the information requested on this form; it is important for processing and inspection. Rebate applications that are submitted to SoCalGas may be randomly selected for inspection to ensure program and quality control compliance.

Products Installed by: ☐ Self ☐ Contractor ☐ Property Manager (as authorized agent for Property Owner)

Required Information	Example	Equipment 1	Equipment 2	Equipment 3	Equipment 4	Equipment 5
Product Location	<i>Mechanical room</i>					
Type of Product Installed	<i>Water Heater</i>					
Product Make	<i>Rheem</i>					
Product Model Number	<i>GX90-550A</i>					
Product Rating	<i>550,000 BTU</i>					
Serial Number	<i>12345678</i>					
Product Capacity <i>(water heater or boiler-gallons)</i>	<i>40 gallons</i>					
Number of units served by product	<i>1</i>					
Date Purchased	<i>1/1/26</i>					
Date Installed	<i>1/2/26</i>
