

G. INSULATION

SPECIFICATIONS:

- Insulation must be added to bare tank or pipe/fitting that has been uninsulated for a minimum of 12 months. Replacement of existing insulation does not qualify.
- Insulation installed must be at least 1" with a R-value greater than or equal to R-3 (R-2.9 is acceptable for domestic hot water).
- Insulation rebates are for space heating applications with a minimum of 4,000 hours of operation annually. Insulation projects for other purposes or with less hours of operation should apply for a Custom Rebate.
- Rebates not available for hot water, condensate return fittings and or steam fittings with a diameter greater than 1".

Rebate	Requirements	Size	Incentive	Total Rebate
Low Temperature (120-170 F) <i>Indoor/Outdoor Water Tank Insulation</i>	Insulation: 1"		\$2.00/square FT	
High Temperature (170-200 F) <i>Indoor/Outdoor Water Tank Insulation</i>	Insulation: 1"		\$2.00/square FT	
Low Temperature (120-170 F) <i>Indoor/Outdoor Water Tank Insulation</i>	Insulation: 2"		\$3.00/ Square FT	
High Temperature (170-200 F) <i>Indoor/Outdoor Water Tank Insulation</i>	Insulation: 2"		\$3.00/ Square FT	
Temperature (105-200 F) <i>Indoor/Outdoor Pipe Insulation</i>	Insulation 1.5"		\$4.00/linear FT	
	or 2" 1" < pipe < 1.5"		\$9.50/linear FT (Direct install)	
Temperature (201-350 F) <i>Indoor/Outdoor Pipe Insulation</i>	Insulation 2.5"		\$5.00/linear FT	
	or 4.5" 1" < pipe < 1.5"		\$10.00/ linear FT (Direct install)	
Temperature (105-200 F) <i>Indoor/Outdoor Pipe Insulation</i>	Insulation 1.5"		\$5.00 /linear FT	
	or 2" 1.5" < pipe < 8"		\$14.00 / linear FT (Direct install)	
Temperature (201-350 F) <i>Indoor/Outdoor Pipe Insulation</i>	Insulation 2.5", 3", 4"		\$6.00 /linear FT	
	or 4.5", 1.5" < pipe < 8"		\$15.00 /linear FT (Direct install)	
Temperature (105-200 F) <i>Indoor/Outdoor Fitting Insulation</i>	Insulation 1.5"		\$8.00 /linear FT	
	or 2" 1" < pipe < 1.5"		\$10.50 /linear FT (Direct install)	
Temperature (105-200 F) <i>Indoor/Outdoor Fitting Insulation</i>	Insulation 1.5"		\$11.00 /linear FT	
	1.5" < pipe < 4"		\$13.50 /linear FT (Direct install)	
Temperature (105-200 F) <i>Indoor/Outdoor Fitting Insulation</i>	Insulation 1.5" or 2"		\$14.00 /linear FT	
	4" < pipe < 8"		\$16.50 /linear FT (Direct install)	
Temperature (201-350 F) <i>Indoor/Outdoor Fitting Insulation</i>	Insulation 2.5" or 4.5"		\$12.00 /linear FT	
	1" < pipe < 1.5"		\$15.50 /linear FT (Direct install)	
Steam Fitting Insulation <i>Non-residential and Multifamily</i>	Insulation 2.5" or 4"		\$20.00 / linear FT	
	1.5" < pipe < 4"		\$25.00 /linear FT (Direct install)	
Temperature (201-350 F) Indoor/ Outdoor Fitting Insulation	Insulation 3" or 4.5"		\$32.00 /linear FT	
	4" < pipe < 8"		\$35.00 /linear FT (Direct install)
